According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0581-0032. The time required to complete this information collection is estimated to average .50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer.

## Market Administrator Guidelines for Application of §1000.40(e)

- Dumped Milk**
- Can include bulk or packaged products;
  - Can include “used to produce” (UTP) products, but must not be double accounted for in both UTP and dumps;
  - Products must be measurable and testable;
  - Products must be returned to, and/or assembled at, a reporting handler’s plant facility (not at a branch or warehouse facility) to create a complete accounting of product receipts and utilization, and financial credit has no bearing on allowing the product to be reported as dumped;
  - Prior approval is not mandatory, but the next business day is required, with the exception of normal, ongoing packaged product dumps which may be allowed without notice if a monthly recap of volumes is maintained and made available per MA instructions;
  - Line rinse is not typically allowed, however, uncontaminated line rinse (milk washed from lines with only added water) may qualify if it meets the Market Administrator’s requirements for measurement and testing; and
  - Dumps that have been requested by a handler, and not disapproved prior to pool, must be shown as utilization on the market report.

- Animal Feed**
- Can include bulk or packaged products;
  - Can include “used to produce” (UTP) products, but must not be double accounted for in both UTP and dumps;
  - Products must be measurable and testable;
  - Products must be returned to, and/or assembled at, a reporting handler’s plant facility (not at a branch or warehouse facility) to create a complete accounting of product receipts and utilization, and financial credit has no bearing on allowing the product to be reported as animal feed;
  - There must be a signed form from the farmer and access to the farm location; and
  - Reporting will be similar to dumped milk in terms of inclusion on the market report.

- Accidental Loss**
- Product was lost and is, therefore, not measurable, but documentation is still provided by the reporting handler;
  - Notice of the loss must be received by the next business day after the event has occurred;
  - Anything within the handler’s control is not an accidental loss;
  - Should not include employee error;
  - Should be limited to “acts of nature” and extraordinary situations or circumstances; and
  - In these situations, volume or frequency or “outside the normal operations” can help define what is considered extraordinary.
